

The screenshot shows the Workato web interface. At the top, there's a navigation bar with 'create | Workato' and 'Recently Viewed | Accounts | ...'. Below this is a browser address bar showing 'app.workato.com/recipes/48246002-create/test?job_id=j-AMgNbP9K-PKPCrC'. The main interface has a dark header with 'create', 'RECIPE', 'TEST JOBS', 'Save', 'Test recipe', and 'Edit' buttons. The status bar shows '3:07:20 AM' and 'Started at Jun 6, 2024 3:07:20 AM (PDT) using recipe version 6'. A green checkmark indicates 'Successful'. The workflow diagram shows four steps: 1. TRIGGER: 'Trigger every 5 minutes', 2. ACTION: 'Download file contents from FTP/FTP's server' (with a 'File' icon), 3. ACTION: 'Parse JSON document', and 4. ACTION: 'Create Account in Salesforce'. A 'Repeat job' button is in the top right. The bottom of the image shows a Windows taskbar with various icons and system information like '34°C Partly sunny' and '3:39 PM 6/6/2024'.
